RENT A CAR

RETURN

✈ Valencia Airport

How to return the car at Valencia Airport:

To return the car, clients must drive in to Parking public 1 (P1), opposite to the terminal on the 2nd floor which is the blue one. You can park the car around the place n° 759. Opposite to it, on number 708 you will see a SMART, with number 1 on the door, where you have to drop the parking ticket and the car keys in one of the two holes which are next to the back lights.

Remember the petrol is not included. Clients should bring the car back with the same petrol level as on delivery.

For any problem you can ring Servirent directly:
